Dear Bob,

Thanks for your letter of July 13th which has established your correct address.

We haven't yet recovered from all the confusion arising from Ian's untimely death and it appears that we owe you a consignment of booklets. Your order has either not been dispatched or has been lost in the mail.

We will dispatch:

10 copies of the Sun Yat Sen book by Dr Ken Grigg, who also died last week - a relatively young man.

15 copies of Human Rights by Winston Churchill.

It is not certain whether we have stocks of 'Revenue Based on Land Value' and 'Tale of Two Cities' but some recommended publications will be replaced.

Shirley-Anne Hardy of Scotland has asked for UK publication rights for 'Banking, Currency, Credit and Inflation' and 'The Christian Church Land and Politics'. Her own booklet 'The Land Question' is very sound.

If we have not covered fair value, please advise and further stocks will be sent

We have secured an excellent replacement for Ian - Mrs Antoinette Meyer, who has an arts degree and has majored in political science. She will be in contact with you as the necessity arises.

With kindest regards,

*Graham*

Graham Hart.
