Dear Friend:

The Eleventh Annual Henry George Congress will meet at the Hotel Netherland Plaza in Cincinnati on Thursday, Friday and Saturday, November 12, 13 and 14.

During the past year thousands of new recruits have been enlisted for the study and promulgation of the philosophy of Henry George in America, giving a new impetus to all who are striving for economic justice.

Outstanding leaders in the field of educational and political action will bring to us enlightening and inspiring messages. There will be reports of progress from many centers of activity and prominent American delegates to the recent International Conference in London will give the very latest picture of the European situation and the progress of Georgism abroad.

Speeches will be limited to twenty minutes with liberal provision for discussion from the floor with a view to making all sessions as interesting and helpful as possible.

The State of Ohio and the City of Cincinnati have been in the forefront of many battles for the advancement of the Single Tax since the pioneer days of our movement. Today Cincinnati is preparing for this convention with a spirit of intense interest and enthusiasm and is looking forward to your hearty cooperation to the end that this gathering may be one of the biggest and most profitable in our history.

Come to Cincinnati! Your attendance is essential for the success of the Congress. Enjoy the fellowship of hundreds of other loyal Georgists who will be there. Tell them what you have done in your community and learn what others are doing for our great common cause. Now is the time to mobilize our forces everywhere.

Mail your reservation today!

Cordially yours,

MICHAEL AARONSOHN, Chairman,
1936 Convention Committee,
GEORGE E. EVANS, President,
PERCY R. WILLIAMS, Secretary.
