VOLUME 50, Number 4

April 1986

FROM PAUL NIX:

It was eight years ago when I was first elected President of The Henry George School. During this time, a number of advances have been made. I believe I have contributed, in an indirect way, toward some of those advances.

But much more needs to be done, and I've decided that it's time for me to step aside and let someone else have a try. At the annual organization meeting of the School's Board of Trustees, the Board honored my request not to be re-nominated.

To have served as President of The Henry George School has been the most gratifying experience of my life. There were hard decisions to make, and I often sought the counsel of other Georgists, here and elsewhere. I'm indebted to the many who shared with me their wisdom and insights, and I'm grateful for the forbearance of those whose advice I rejected and of those whose wishes I opposed. I'm especially grateful to the members of our Board for their unwavering support.

Ed Dodson has been elected as the new President of The Henry George School. I believe Ed has the qualities needed to enable the School to take advantage of the opportunities that are now before us. I will continue as a Member and Trustee of the School, and I expect to support Ed in every way I can. I urge my fellow Trustees and the leaders of other Georgist organizations to do the same.
