

# THE EIGHTH INTERNATIONAL CONFERENCE

To Promote Land Value Taxation and Free Trade  
At the Folk High School, Odense, Denmark,  
28th July to 4th August, 1952

Organised jointly by the International Union  
for Land Value Taxation and Free Trade  
and the Danish Henry George Forening

OUTLINE OF PROGRAMME  
PROVISIONAL LIST OF MEMBERS

All arrangements for the much anticipated International Conference which meets at Odense, Denmark, on Monday evening, 28th July, are now completed. The Programme in both English and Danish is now being printed and will be sent, with the Papers that have been prepared and other relevant printed matter, to all the enrolled Members.

The Conference will be received by the Mayor of Odense. The various events, besides the presentation and discussion of the Papers will include messages from many lands, two whole-afternoon excursions to view smallholdings and large estates in the Island, a large public demonstration, the speakers including Dr. Viggo Starcke and other Danish statesmen, supported by various leading personalities at the Conference, a festive evening of song and entertainment, a final banquet (*day dress*) and an official reception at the Odense City Hall. During the course of the week, the International Union will hold its general assembly of members for confirming the constitution, appointment of officers, tabling resolutions, and other business.

It will be seen from the subjoined list that already 410 Members have enrolled from 23 countries. This is as we go to press, but since enrolments are still reaching us, and the Danish Committee in Copenhagen, it is expected that the list will be much increased before the opening day. We are reminded to say, in passing, that the Conference Membership is open not only to those who can come but also to adherents all over the world who are unable to be present, everyone with his or her association lending valuable support and enhancing the influence of the International Union, the Danish Henry George Forening, and the movement, in all ways. Therefore again we invite all our readers, who have not already done so, to join the International Union with the 5s. (or \$1) membership subscription and, as members of the Union, to enrol also as members of the Conference, the fee for which at £1 (or \$3) entitles them to receive all the Conference literature.
