

HENRY GEORGE NEWS
DECEMBER 1943

"Syrian Yankee"

SIRS: I am trying to absorb more of the noble and ennobling ideas of Henry George and I discuss his philosophy with all the thinking Americans I am privileged to meet. I know one thing for sure now. Henry George is the most original, penetrating and Christ like thinker that I have read.

My discovery of Henry George, thanks to the Henry George School is equal to my discovery that America existed and that I was an American citizen. So you see, the School is like my beloved Syrian school master who revealed to me that I was an American and helped me to get an idea of what America is—not just a country, but an idea, a dream. The School revealed Henry George to me and the way he has shown us how we can make that American dream come true, and the Kingdom of God that Jesus spoke of, become a reality here on earth; "not up in the sky, but here on earth where men live and die."

My sincere regards to all those who work for the School.
