ADDENDUM:

Notes from the CHAT of this zoom meeting and relevant links:

Guillermo Andreau to Everyone 9:57 AM

contrariamente al derecho divino, El Derecho Romano permite la apropiación de la renta pública a los cazadores de rentas. Jesús increpa a los rabinos y fariseos que sentados en la cátedra de Moisés permitieron la apropiación de la Renta pública tratándolos de hipócritas por este hecho

Patricia Rojo to Everyone 9:58 AM

According to Guillermo Andreau, what originally allowed the appropriation of land rent for privileged groups in Africa was the civil code for Ethiopia, which was drafted by the jurist René David without ever having set foot in Ethiopia, from Paris, and that made to leave aside the right to free land, changing it for the Roman slave right that generates latifundia and collection and high taxes on labor, and finally ended up leading to civil war and the fall of Rome, and that is now happening in several countries, as well as in the USA.

Funlola Famuyiwa to Everyone 9:59 AM

In most traditional African societies, land was held by the rulers in trust for all. But essentially, the power came to be through conquests

El latifundio hizo perecer a Roma como hoy hace perecer a Occidente
EEUU se monopoliza la tierra en manos de Bill Gates, Black Rock y otros y los chinos son los segundos terratenientes en USA

Patricia Rojo to Everyone 10:01 AM

Translation from Mr Andreau's note: above: "Contrary to divine law, Roman law allows the appropriation of the public revenue to the rent hunters.

Jesús rebukes the rabbis and Pharisees who, sitting in the seat of Moses, allowed the appropriation of the public revenue, calling them hypocrites for this fact."

From Mr Andreau: The latifundia made Rome perish as today it makes the West perish.

The USA is monopolizing the land in the hands of Bill Gates, Black Rock and others and the Chinese are the second largest landowners in the USA.

David Ricardo dijo en 1815 en países como Argentina debemos crear una oligarquía parasita, cazadora de rentas públicas para desindustrializar la Argentina

asi lograremos materias primas y mano de obra de calidad que canjearemos por nuestras manufacturas logrando el maximo beneficio las reformas fiscales logradas en las universidades del este de los EEUU denunciada por Fred Harrison lograron el PROGRESO de Donald Trump y MISERIA su vice JD Vance graficada por la desindustrializacion de EEUU en la pelicula HILLBILLY sobre Vance.

Patricia Rojo to Everyone 10:12 AM

Translation From G. Andreau: David Ricardo said in 1815 in countries like Argentina we must create a parasitic oligarchy, hunter of public rents to deindustrialize Argentina so we will get raw materials and quality labor that we will exchange for our manufactures achieving the maximum benefit. the fiscal reforms achieved in the eastern universities of the USA denounced by Fred Harrison achieved the PROGRESS of Donald Trump and the MISERY of his vice president JD Vance, as illustrated by the deindustrialization of the USA in the movie HILLBILLY EULOGY about Vance.

Charles Avila to Everyone 10:14 AM

I want to thank Alanna for her presentation, Ed for introducing a new book, Audu and Funlola for their comments and above all Guillermo (Thanks Patricia) for his pithy historico-philosophical explanations. The issue at hand is what it is all about - ownership and land ownership.

Patricia Rojo to Everyone 10:16 AM

Thank you Charles

la corrupcion del derecho realizada Andres Bello Fleitas y Velez mediante la codificacion civil en Sud America se replico en Etiopia por Rene David desde su atelier en Paris sin haber pisado Adis Abbeba sin entender que la desigualdad y violencia conduciria a la guerra civil que se desataria en Africa se mudaria al corazon de Paris HOY

Patricia Rojo to Everyone 10:23 AM

Translation from G Andreau: the corruption of law carried out by Andres Bello Fleitas y Velez through civil codification in South America was replicated in Ethiopia by Rene David from his atelier in Paris without having set foot in Addis Ababa without understanding that inequality and violence would lead to civil war in Africa would move to the heart of Paris TODAY.

Guillermo Andreau to Everyone 10:29 AM

LA 'PROPIEDAD PRIVADA SECUNDARIA' del Papa Francisco trata del destino de la renta de la Tierra, pero no lo conocen ni lo tratan... porque la IGLESIA CRISTIANA muto a su opuesto la ROMANA por hereje Tomas de Aquino por inquisicion despues del siglo XI. Esta es el sisma que esta sufriendo la iglesia Catolica hoy con

Patricia Rojo to Everyone 10:31 AM

From Mr Andreau: THE 'SECONDARY PRIVATE PROPERTY' of Pope Francis deals with the destiny of the rent of the Earth, but they do not know it and do not deal

with it... because the CHRISTIAN CHURCH killed its opposition Thomas Aquinas by inquisition after the XI century. This is the schism that the Catholic Church (led by Mel Gibson) is suffering TODAY.

Guillermo Andreau to Everyone 10:36 AM

Solo el sistema fiscal biblico de rentas a la tierra termina con la desigualdad, la violencia y la guerra civil en pleno desarrollo en todo OCCIDENTE. Logrando que venga a nosotros tu reino y que se haga su voluntad aqui en la tierra como en el cielo

charles avila to Everyone 10:38 AM

Asi sea.

Patricia Rojo to Everyone 10:39 AM

From Mr Andreau: Only the biblical land revenue tax system ends inequality, violence and civil war in full swing throughout the WEST. Bringing us your kingdom come and your will be done here on earth as it is in heaven.

Guillermo Andreau to Everyone 10:45 AM

Petro juega con las cartas del diablo EL DERECHO ROMANO impuesto por Andres Bello para sostener las reformas fiscale Borbonicas, en flagrante oposicion al derecho Cristiano de los Austrias Habsburgos segun la escolastica Salmantina Cristiana que hicieron de muchas culturas ameERICANAS una sola civilizacion Hispanica y Cristiana.

Patricia Rojo to Everyone 10:49 AM

Translation From Mr. Andreau: Petro plays with the devil's cards THE ROMAN LAW imposed by Andres Bello (who wrote the Civil Code for Colombia, Venezuela, Chile and Peru) to sustain the Bourbon fiscal reforms, in flagrant opposition to the biblical law of the Habsburg Austrians according to the Christian Salmantine scholasticism that made of many American cultures a single Hispanic and Christian civilization.

Funlola Famuyiwa to Everyone 10:53 AM

Could a bit of Lili's experience in empowering the people with LVT knowledge be shared

Guillermo Andreau to Everyone 10:55 AM

Milei y Petro son la barbarie letrada, las dos alas del mismo pajarero PROGRESO Y MISERIA fruto del Derecho Barbaro de los Romanos que reina en la mente y el corazon de la elite parasita intelectual para sostener el antiguo regimen tributario y esclavista romano. Solo el derecho verdadero nos haralibres.
